

2020 Engineering Education Teaching Fellowship Program – Call for Proposals

Name:

Date:

Project Title:

Part 1: Project Description – Please provide details and goals of the proposed project/initiative, including how the project will be implemented (e.g., specific course or program, online vs classroom), who will benefit from it (i.e., target audience), and what impact this project will have on student engagement, learning, and experience. (Suggested length is 300 words maximum. Figures, examples or other supporting documents may be attached in Part 4 of the application form.)

Part 2: Project Duration - Please provide the total number of hours and a detailed timeline outlining how deliverables will be met.

Example: Feb 17 to Mar 29 (6 weeks)

Total Hours: 30 hours (average 5 hours / week x 6 weeks)

Week 1 (Feb 17 to Feb 23) - including literature review (10hrs)

Part 3: Project Deliverables - Please describe what outputs will be provided in the time frame outlined above in Part 2.

Part 4: Supporting Documents - If desired, attach any supporting documents (figures, examples etc.) to your email.
